THE STATE OF WISCONSIN.

Thanksgiving Proclamation.

BY THE GOVERNOR.

In harmony with the praiseworthy custom of expressing gratitude for the blessings vouchsafed during the year past, and in conformity with the proclamation of the president of the United States, I, Jeremiah M. Rusk, governor of the state of Wisconsin, do hereby designate and appoint THURSDAY, THE 29TH DAY OF NOVEMBER, instant, as a day of general thanksgiving. And I do recommend that the people of the state lay aside their usual avocations on that day, and in their accustomed manner give thanks to an All-Wise Providence for the numerous bounties enjoyed during the year, and ask the continuance of prosperity to the state and happiness in the homes of all the people.

In testimony whereof, I have hereunto set my hand and caused the Great Seal of the state of Wisconsin to be affixed,

Done at the city of Madison, [GREAT SEAL] this seventh day of November, in the year of our Lord, one thousand eight hundred and eighty-three.

By the Governor: J. M. RUSK.
ERNST G. TIMME, Secretary of State.

Another Chicago firm has gone to the wall. It had mining stock.

Cincinnati can beat Chicago on failures. T. T. Brown & Co., leather dealers, have failed with debts at their heels amounting to $400,000, and only $30,000 worth of stock on hand.

We notice that the Hon. George R. Wendling is lecturing in Kentucky, on the subject "Who, what and where is the Devil?" As to the personality of the devil, little can be said, but he seems to make his headquarters in Chicago.

The suggestion offered in the thanksgiving proclamation by Governor Hamilton, of Illinois, is one which people who give thanks one week from next Thursday should not forget. He very timely reminds the people of Illinois that remembering the poor is the best form of thanksgiving for bounty received, that lending to the Lord by giving to the poor is better than merely formal and empty praise of the Creator and stuffing one's self with turkey.

It is absolutely impossible even with the light thrown on the situation of the result of the recent elections, to make a speculation as to the outcome of the national contest next year. A great many tables have been prepared and published in the newspapers. The democrats make their tables so as to give their party 224 electoral votes certain, and the republicans only 154, while the number necessary for a choice is only 201. With the solid south against the republican party and with New York and Indiana in doubt, it is not so easy to make a table of electoral votes which will stand the test of 1884. The latest contribution to presidential speculations is that of St. Louis Globe-Democrat. It gives the democrats every vote the republicans can spare them, and in fact several the republicans can not spare, as will be seen from the following table:

Republican.		*Democratic.*	
Illinois	22	Alabama	10
Iowa	11	Arkansas	7
Kansas	9	California	8
Maine	6	Colorado	3
Massachusetts	14	Connecticut	6
Michigan	13	Delaware	3
Minnesota	7	Florida	4
Nebraska	5	Georgia	12
New Hampshire	4	Indiana	15
New York	36	Kentucky	13
Ohio	23	Louisiana	8
Pennsylvania	30	Maryland	8
Rhode Island	4	Mississippi	9
Vermont	4	Missouri	15
Wisconsin	11	Nevada	3
		New Jersey	9
	201	North Carolina	11
		Oregon	3
		South Carolina	9
		Tennessee	12
		Texas	15
		Virginia	12
		West Virginia	6
			200

This is a pretty close shave for the republicans—one majority. It is as narrow an escape as the 185 to 184 in 1876. But this table is by no means to be depended upon. Connecticut is almost absolutely sure to go republican, and California, Colorado, and Nevada, are reasonably certain, while New York, which is given to the republicans, is as doubtful as a state can be. To lose that state and win, the republicans must carry the four states just named and also Indiana, and at the same time make sure of Ohio. It may be said in advance that the essential battle-ground next year will be New York, and that the party which carries that will carry the election. The chances of either party will not be worth much if it loses that state.

The ministers of Chicago have begun to discuss the subject, "How to reform Ballet-women." The ministers of Chicago, for all practical purposes, may as well let the ballet-girls alone. Mr. Moody, when the great tabernacle had been completed in Chicago, called together some six or seven thousand christian men and women—principally women—at different services during the week set apart for the special benefit of the fallen women of that iniquitous city, and spoke to them of the necessity of reclaiming the women who were regarded as living in sin and abandoned to shame. He wanted a revival among the women of the town, and hundreds of them attended Mr. Moody's services. He addressed them kindly gave them good advice, and offered them encouragement, and scores of them were deeply moved by his earnest words, and wanted to reform. But when it came to the question as to what the girls should do after reforming, there was a great stumbling block in the way. The women who professed to be deeply in earnest in reclaiming the unfortunate girls, and who were prominent members of the churches, sternly refused to aid the girl in finding legitimate employment, and under no circumstances would they employ them as domestics in their homes. When Mr. Moody was confronted with this condition of things he put the very pointed question to the thousands of christian women in the tabernacle, "what then, must these poor girls do—must they reform and go out upon the streets and beg or starve, or must they continue to ply their vocation?" The response came, "let them beg or starve," and Mr. Moody abandoned the effort to redeem them. With the experience of Mr. Moody fresh in the mind, the Chicago ministers may save themselves much disappointment and humiliation by applying their energies in another direction than that of hurling their sermons at the heads of the ballet-girls. Better try to reform the men and the boys who give the ballet-girls support and encouragement. That is the shortest road to success, if success is at all possible.

ECHOES OF THE STORM.

Another Bad Wreck on the Lakes With Six Men Lost.

Terrible Effect of the Gale in Chesapeake Bay.---Fourteen Lives Known to Be Lost.---The Wild Winds Elsewhere.

GRAND HAVEN, Mich., Nov. 15.—A telegram has been received here by Capt. Kirby from Capt. Blackburn, of the tug Protection, to the effect that the Protection left the propeller H. C. Akely at 7 p. m. Monday, in a disabled condition. She was pitching frightfully, apparently at the mercy of the waves. Soon after the propeller was seen to plunge to the bottom. The schooner Driver, which was near, lowered a small boat and rescued twelve of the propeller's crew, but the captain, Edward Stretch, of this city, first mate, steward, and two firemen were lost. The former leaves a wife and two children. Capt. Kirby will start with a tug to search for the wreck as soon as the wind goes down. The Akely is valued at $100,000. She is insured for $40,000. She was considered the finest propeller entering this harbor.

The propeller is believed to have gone down off Holland, Mich. The Akely was built by Kirby, in 1881, in Grand Haven. She was of 1,600 tons burden, and was disabled while siding the tug Protection. Capt. Stretch was 51 years old, and one of the best navigators on the lake. She had $5,000 insurance. Capt. O'Brien, of the life-saving corps, is patroling the beach at Holland in search of the bodies. A number of wrecks are reported between Holland and Saugatuck.

The Gale on Chesapeake Bay.

BALTIMORE, Nov. 15.—Particulars received here indicate that the storm on the Chesapeake on Monday was the most severe ever experienced on the bay, and the wrecks and loss of life are without parallel. It is believed that no less than twenty-five persons have been drowned and a dozen or more vessels wrecked. The storm is described as simply terrific. Staunch boats were hurled hither and thither like mere cockleshells. Steamers built especially for trade on the bay were compelled to seek ports of safety. Thus far, fourteen persons are known to have been drowned. In one instance, as telegraphed, nine persons were drowned by the foundering of a sloop, and it is learned the captain and a crew of three of an unknown schooner were lost in the gale. On the shores of the bay some forty vessels are reported aground, and it is probable the loss of life other than referred to has been very severe.

Storm Disasters in Maine.

LEWISTON, Me., Nov. 15.—Reports from northern Maine show most disastrous results of the recent gale. Old inhabitants remember no gale of such velocity. Many buildings have been destroyed and several persons seriously injured. The damage in Oxford county alone is estimated at $75,000. L. H. Carter, of Bethel, was buried thirty rods and taken up senseless. Many hundred head of stock were buried in the ruins of barns. Franklin county reports $50,000 damage. The Sandy River railroad bridge at Phillips was moved and another bridge at Strong was broken down.

The Storm Subsiding.

BUFFALO, Nov. 15.—The propeller Newburgh, which passed Detroit, rounded the light house and steamed into this port at 10 o'clock a. m. The schooner Cheny Ames has also arrived. Both had stormy passages, but were comparatively uninjured. There are not so high winds on the upper lakes. The storm signals have been ordered down for the lakes west of Lake Erie, and the wind here, which blew a mile a minute, has moderated to twenty-six miles an hour at 10 a. m. The snow storm which was central over Lake Huron has evidently passed to "northard" of us. The storm is expected to die out and extremely cold weather will follow from present indications.

Broke Her Shaft.

NEW YORK, Nov. 15.—The steamer Canada, which left London on the 23d of September has arrived at her pier. On the 1st of October, from some unaccountable cause, her thrust shaft broke, when about 100 miles from New Foundland, the Canada spoke the Cardiff, of Wales, and that vessel took her in tow to St. Johns. The passengers of the Canada were then transferred to other steamers. The Canada after repairs left St. Johns on the 6th inst., she encountered terrific weather from the northwest, but escaped further injury.

A Missing Steam-Barge.

CHICAGO, Nov. 15.—The steam-barge Argonaut, which left here last Saturday, has not been heard from since her departure. She was laden with corn for Sarnia. The telegraph has been plied assiduously to get some tidings of her whereabouts since the storm, but she has not been seen or heard of. Fears are entertained for her safety. The Argonaut is owned by Ira H. Owen, of this city, and is sailed by Capt. Robert Hayes.

Drove on the Rocks.

BOSTON, Nov. 15.—The bark Olivia, from Quebec for London, laden with lumber, drove on the rocks Monday night during the heavy gale. She will be a total loss. The schooner Lulu Ammerman, for Washington, has returned to Philadelphia leaking badly. She had been run on the mud Monday night to prevent her from sinking.

The Grave Robbers.

Of all classes of people the professional grave robbers are the most despised. He robs us of our dear friends for a few dollars. How different is this new grave robber, Dr. Bigelow's Positive Cure, which robs graves of thousands of consumptives. This unequaled remedy for coughs, colds and consumption, whooping cough croup and all throat and lung diseases, subdues and conquers these troubles speedily, safely and thoroughly. Trial bottles free, of Stearns & Baker.

WORKING A NEW FIELD.

Train Robbers Try their Hands on the Mexican National.

NEW ORLEANS, Nov. 15.—The passenger train on the Mexican National railway, from Saltillo to Laredo, Texas, was wrecked at Sanchez station, seventeen kilometres west of Laredo, by a band of mixed Mexican and American desperadoes, numbering about forty, who had torn up the rails. The locomotive and forward cars plunged into the ditch, and were totally demolished. Engineer Madden and his fireman, Fessler, were crushed beneath the wreck, and it is feared cannot survive. The robbers met no resistance, and tried to break open the safe in the express car, but failed to gain access to the money compartment, which contained over $20,000. They, however, succeeded in getting away with $8,000 or $10,000. As the passengers were not molested it is supposed that it was this money that the outlaws were after.

New Railway Scheme.

BALTIMORE, Nov. 15.—A syndicate of railroad capitalists, in session in this city, have concluded the purchase of the franchise and property of the Washington City, Cincinnati & St. Louis Railway company. The project is to build a road from Linwood, Virginia, a point on the Shenandoah Valley road, to Harrisburg, and thence westward about 100 miles through the Doral coal mines and into Pocahontas and Webster counties. The purchasing syndicate includes Col. Boyce, vice president of the Shenandoah Valley railroad; H. D. Cooke, of Washington City; N. Martin, and other New York capitalists.

Railway Negotiations.

CONCORD, N. H., Nov. 15.—It is rumored that the Boston & Maine and Canadian Pacific railroads have entered into negotiations with a view to making the eastern connections of the Canadian Pacific via the Southeastern, Boston, Concord & Montreal, Lake Shore and Boston & Maine railroads, and that if satisfactory arrangements are made with the Boston & Maine railroad to make Boston the terminus of the above combination they will proceed to immediately construct the famous "Lake Shore road" from Alton bay to connect with the Boston, Concord & Montreal railroad.

Striking Cigar-Makers.

NEW YORK, Nov. 15.—Concordia assembly rooms were crowded with striking cigar-box makers, who had assembled to hold a mass meeting. Speeches were made urging the strikers to stand firm and not return to work until their employers had signified their willingness to recognize the cigar-box makers protective union. This is the only question at issue. It is understood that one of the manufacturers, who is in sympathy with the men, has given the strikers to understand that if they hold out the employers will give in.

Scientists in Council.

NEW HAVEN, Nov. 15.—The meeting of the National Academy of Sciences is largely attended. The expedition to the Caroline islands to observe the solar eclipse of May 6, 1883, was discussed. The report made by the American, English and French scientists, contains 140 quarto pages. The conditions under which the eclipse was observed, were very favorable. On the voyage twenty-three new stars were discovered and two or three valuable botanical specimens hitherto unknown to science.

The Elevated Roads.

NEW YORK, Nov. 12.—The annual meetings of the Metropolitan and Manhattan elevated railroads have been held, the old boards being substantially re-elected under the Gould-Field control. The following is a synopsis of the financial condition of the joint companies: Net earnings—1882, $2,305,383; 1883, $2,629,678. Total expenses—1882, $5,608,370; 1883, $2,756,328. Total earnings—1882, $5,973,033; 1883, $6,386,506. Percentage operating expenses—1882, $61.41; 1883, $58.82.

Land Decision.

WASHINGTON CITY, Nov. 15.—The secretary of the interior has decided in the case of the Peninsula Railroad company of Florida, that when homestead entries were made on land within its grant after the company has relinquished its rights to the territory involved, under the act of June 22, 1874, claiming, nevertheless, indemnity for the land thus lost, the entries must be allowed, the question of indemnity being a distinct question to be decided when presented.

Strike in a Carpet Factory.

NEW YORK, Nov. 15.—Two thousand women and girls employed at E. S. Higgins carpet factory at the foot of west Forty-third street went on a strike in consequence of a reduction of 10 per cent. in their wages. The members of the firm say that the reduction was made necessary by the general shrinkage in the prices of carpets. The mill is the largest and oldest in the country of its kind.

The Pension Frauds.

WASHINGTON CITY, Nov. 15.—District Attorney Corkhill had an interview with the secretary of the interior and Assistant Attorney General McCammon in regard to the prosecution of frauds against the pension office. A general informal talk was held as to the line of policy to pursue and when the prosecution was to begin. Nothing definite, however, was decided.

Shutting Off the Nail Supply.

PITTSBURG, Nov. 15.—The manufacturers who belong to the Western Nail association have ordered the closing down of the mills from December 22 to February 4. This action was taken in order to meet slack trade, the card rates to remain through the winter as at present.

Limiting the Lawyers.

WASHINGTON CITY, Nov. 15.—The secretary of the interior has ordered that oral hearings in cases on appeal to the secretary from decisions of the bureau officers of this department, when permitted will hereafter be limited to one hour from each side of the case.

What The Cologne Gazette Says.

COLOGNE, Nov. 15.—The Cologne Gazette asserts that money has been forwarded from France to Barcelona for the purpose of inciting a hostile demonstration by the populace of that town on the occasion of the visit of the crown prince of Prussia to Spain.

Bismarck Mediating.

LONDON, Nov. 15.—It is reported from Berlin that Prince Bismarck is endeavoring to bring about a reconciliation between France and China; fearing that in event of war, a serious reverse to the French arms would lead to the downfall of the republic.

The Pope Defied.

ROME, Nov. 15.—Cardinal Hohenlohe, who was summoned by the pope to Rome, for the purpose, as understood, of offering him the alternative of yielding or being expelled from the college of cardinals, has refused to comply with the summons.

Going to Investigate It.

WASHINGTON CITY, Nov. 15.—Assistant superintendent of the railway mail service, John Jameson, has gone to Portland, Oregon, to investigate the reported blockade of mail at that point through the neglect of postal clerks.

MONEY DIDN'T MATERIALIZE.

A Camp Ground Association Short in its Cash.---Other Troubles.

ALBANY, N. Y., Nov. 15.—A crash in the affairs of the Round Lake Camp Ground association is reported as imminent. The association has enjoyed a profitable patronage but some $200,000 which the treasury was supposed to have contained is gone and said to be unaccounted for. This discovery was made when money was wanted for the interest on a mortgage and there was no money in the treasury for the purpose. It is believed that the grounds and buildings will be sold under a foreclosure and some Troy sporting men are said to be getting up a combination for the purpose of buying the place, which is located some thirty miles north of Albany on the Saratoga road, and to turn it into a sporting ground.

NEW BRUNSWICK, N. J., Nov. 15.—The novelty Rubber company has failed, with liabilities of about $35,000, and has suspended work in its shops, throwing out about four hundred employes.

NEW YORK, Nov. 15.—A meeting was held here by the creditors of Eddy, Harvey & Company, wholesale dealers in hats, caps and furs at Chicago. A statement was presented, showing their liabilities $228,435. Total assets—nominal, $375,510; actual, $168,855. The firm offered a compromise of 60 cents on the dollar, but this was rejected by the creditors, who would not accept less than 75 cents in good secured notes. The firm doubted their ability to do this, but would communicate with their friends.

NEW YORK, Nov. 15.—Seely & Stover, produce commission merchants at 276 Washington street, are reported to have mysteriously left the city leaving their creditors unpaid. The exact amount of their liabilities is not as yet known, but as far as learned exceed $4,000. They commenced business about three years ago.

NEW YORK, Nov. 15.—Stephens and Kellam, dealers in iron pipe and fittings, at 93 William street, have made an assignment to their creditors. Their liabilities will be $69,000 and the assets $49,000.

Plimsoll's Services Needed Again.

LONDON, Nov. 15.—Mr. Joseph Chamberlain, president of the board of trade, in a speech at the Trinity house commented severely on the increasingly large number of lives lost at sea, and said that if Mr. Plimsoll were to make another crusade the government could supply him with some startling facts. He also said that the government proposed to so amend the insurance laws as to make shipwrecking unprofitable. Mr. Chamberlain further stated that the government intended to establish in every port a court of first instance which would deal promptly with every question affecting the safety of ships.

Matricide Arrested.

TERRE HAUTE, Ind., Nov. 15.—For nearly a week a vigorous search has been made for Jasper Nelson, who was seen in a wagon with his aged mother, Susanna Nelson, when she was last seen alive. From information received here last Sunday it was believed that he was at Cape Gerardeau, Mo. Sheriff Cleary left the same night, accompanied by Detective Vandeveer, and the next day captured him. In his possession was found his mother's trunk, which she took with her when she went to visit him. Some delay has occurred in getting a requisition from Gov. Crittenden, but they are expected here with their prisoner soon.

Not Attentive to Business.

PORTLAND, Me., Nov. 15.—The postoffice department has decided not to order any formal investigation of Postmaster Goddard's affairs, but to submit Inspector Field's report to him and base a decision on the postmaster's report. The fact as to whether Goddard violated the law by occupying both state and federal offices is left to the department for decision. The inspector, however, produces evidence of lack of efficiency and attentiveness to business, on the part of the postmaster, when the recent deficits occurred in the department of the cashier.

Not an "Odorless" Scheme.

WASHINGTON CITY, Nov. 15.—Commissioner Dudley, has suspended from office Dr. Azel Ames, secretary of the Boston board of medical examiners pension office. The charge is that when pensioners called with good cases he would say he was busy and refer them to a certain lawyer. The lawyer would tell the pensioners to file their claim, and intimated that by subscribing for stock in the Eagle Odorless company, of Boston, of which Dr. Ames is president, their case would receive immediate attention and that Dr. Ames would push it.

Will Plead Insanity.

PITTSBURG, Pa., Nov. 15.—Mayor A. M. Brown, of this city, has been retained to assist in the defense of young James Nutt, who shot and killed Dukes at Uniontown, Pa., some months ago. The defense are securing as witnesses the former schoolmates and teachers of young Nutt. The inference is that the testimony of said witnesses is being secured to prove that Nutt never was of sound mind, and, therefore, is irresponsible for the killing of Dukes.

Death of a Noted Captain.

NEW YORK, Nov. 15.—Capt. J. S. Dellingham Jr., of the steamer Finance from Rio De Janeiro died while his vessel was coming up the harbor. He was the son-in-law of B. F. Shillabor (Mrs. Partington) of Boston, and was the captain of the only clipper ship which during the war successfully defied Semmes and escaped from him. He had at the time a valuable cargo of tea. Capt. Dellingham was 46 years of age and his home was at Chelsea.

The Garlington Inquiry.

WASHINGTON CITY, Nov. 15.—Lieut. Garlington's examination was concluded by the Proteus court of inquiry. No additional facts were elicited further than have been given in the lieutenant's reports to the secretary of war. General Hazen, chief signal officer, was then called and examined by the court concerning the orders and supplimental instructions given Lieut. Garlington as commander of the Pratous expedition.

Hanged Himself.

MERIDEN, Conn., Nov. 15.—John Kelley, a joiner, was arrested at noon for assaulting his wife, and locked up in a cell at the station house. At 4:40 p. m. Kelley's body was found hanging by a strip of blanket from the cell door. He died shortly afterwards. He leaves a wife and several children.

Death of a Monk.

BALTIMORE, Nov. 15.—Richard O'Connell, aged 75 years, one of the brothers at Loyola college, was killed by falling from a second story window, where he was putting in a pane of glass, to the court below. Brother O'Connell formerly resided at St. Johns college, in Philadelphia.

W. W. Hall, M. D., the editor of the *Journal of Health* published in New York, and a recognized authority on medical subjects, has the following to say of medicines used for coughs:

"The remedies for coughs, colds and consumption are innumerable, the combinations of ingredients are infinite; but if the reader is observant, he will find not one in a hundred will there be, which does not contain Opium in the form of Paregoric, Laudanum or Morphia, producing every year water on the brain in multitudes of children and apoplexies, or ruinous results to the digestive organs of adults. Intelligent druggists know that all medicines sold for coughs, colds, consumption, and tickling in the throat, contain Opium in some form or other. They repress the cough, but do not eradicate it; hence the first purchase paves the way for a second or

third, and as it is the essential nature of Opium to close up, to deaden the sensibilities—constipation is induced, and becomes the immediate cause of three-fourths of all ordinary ailments, such as headache, neuralgia, dyspepsia and piles."

We give our positive guarantee that COLLIN'S CHERRY COUGH CURE contains no Chloroform, Tartar Emetic, preparations of Opium, or other Narcotic, and may be administered to children with perfect safety. Unlike the Opium Cough Medicines generally sold, which lend but momentary relief at the expense of enfeebling the patient, it is a remedy that does not dry up a cough and leave the disease behind it, but strikes directly at the cause; carries off all the phlegm accumulated in the Lungs and Throat, and heals them. Gov. Butler Says His Retirement From Politics Is Impossible.

He Proposes to Fight it Out on the Line of Labor and Anti-Monopoly—Gov. Hamilton on Politics.

NEW YORK, Nov. 15.—Gen. Butler, who arrived in this city on Tuesday evening from Boston, was seen at the Fifth Avenue hotel. Speaking of his recent defeat, he said: "I am not at all discouraged. From my own canvass of the state I felt sure of my election, and did poll 25,000 votes more than when first elected governor. I account for it by the colonization of voters and repeaters, and the unlimited purchase of votes."

"What do you think of the result of the New York election?"

"It is a lesson which may do the Democrats good. I do not look with satisfaction upon Abbett's success in New Jersey, as I think it is more of a victory for the Pennsylvania railroad company than of the Democratic party. Abbett is the attorney of that road. It is certain, to my mind, that the people are becoming heartily tired of this sort of thing, and will surely rebel if these abuses are not checked."

"Do you propose to retire from public life?"

"It is an impossibility, considering the present relations of monopoly and labor. The real issues of the day are labor and anti-monopoly, and I shall continue the contest on these principles, which must be recognized in the presidential election next year. The Democrats will make a mistake if they do not include them in their platform, and if their candidate is not in favor of them the people will find a candidate who indorses these principles. I am not in favor of attacking the corporations, but they must not enslave the working people, who must be protected and benefited."

The Illinois Governor.

CHICAGO, Nov. 15.—Gov. Hamilton is in the city in attendance upon the opening of the Fat Stock show. He was asked:

"Are you not going to be the candidate on the Republican side, next fall?"

"Well, I haven't thought much about it. I have not written a letter or spoken to anybody on the subject yet. It is a little early. Still, I am in the hands of my friends."

"Do you believe that Harrison could carry Illinois if he was nominated by the Democrats?"

"No, I don't. I don't believe that any Democrat could. It is out of the question. Cook county went Democratic at the last election because of the apathy of the Republicans, but when there is any necessity for it, the Republicans will come forward and sweep the county. It is ridiculous to think of Illinois going Democratic."

"Who is going to be the Republican nominee for president?"

"The recent results in the east seem to point very strongly toward Arthur."

"Do you mean New York."

"Well, no. I don't think the result there was well enough defined. I put more faith in Pennsylvania. It was a fairer issue there. In New York the Republicans had a popular man in Carr, and the Democrats an unpopular man in Maynard. In Massachusetts the result demonstrated nothing, for the men who voted against Butler voted because it was against Butler. The result of the Pennsylvania election was a better indication of Republican success than all the other states combined."

Unfounded Claims.

WASHINGTON CITY, Nov. 15.—The speakership question is now the chief topic of discussion in Washington City. As there are not a score of Democratic congressmen in town, much that is said is mere speculation, based upon information given out by friends of the candidates on the ground. Mr. Cox has arrived, and has taken rooms at Willards hotel. Mr. Randall will be here on Saturday. The Post says that "the reports that either one of the three candidates for the speakership has a majority to start with, as is asserted, first by the friends of one man and then of another, is nonsense. There are as yet but fifteen Democratic members of the next congress in the city. Fully one-third of the entire number is unpledged and their preferences unknown. Cox, Carlisle and Randall about equally divide the honors, so far as a count can be made, that is at all reliable."

Pennsylvania Official Vote.

HARRISBURG, Pa., Nov. 15.—The official vote cast in Pennsylvania at the late election has been received from all counties except four. The total vote for state treasurer, which exceeds that for auditor general by about 1,000, is 610,279. Last year the vote for governor in the same counties was 719,261. The decrease in the vote as compared with that of last year is 15 per cent, and the official returns from all the counties will show a loss of 113,000 votes. In the counties returned the Republican decrease is 37,736, the Democratic 53,980, and the Greenback 18,421. The prohibition vote shows an increase of 1,165. The following is the vote for state treasurer in the counties officially reported: Livesy, Republican, 310,453; Powell, Democrat, 289,727; Howard, prohibitionist, 5,976; Marsh, Greenback, 4,123.

Nominated for Mayor.

BOSTON, Nov. 15.—The Democratic city committee has nominated Hugh O'Brien, chairman of the board of aldermen, for mayor.

Attempt to Kill Charley Ford.

KANSAS CITY, Nov. 15.—While Charley Ford, one of the slayers of Jesse James, was at the house of his father, two miles from Richmond, seven unknown men concealed themselves in the woods near the house, and when Ford came out, during the evening, simultaneously fired on him, but, strangely, without effect. Ford immediately drew his revolver and dashed into the woods, whereupon the men ran and regained their horses, which were hitched near by, and although under fire of Ford's revolver, so far as known all escaped without harm. The would-be assassins were well mounted, and, although unknown, it is suspected they are young men of the neighborhood, as there is a very strong feeling among the people against having either of the Ford boys in the vicinity.

Failure in Hats.

CHICAGO, Nov. 15.—Lulu B. Harris, a hatter, at No. 284 State street, has confessed judgment to Louis Stein & Co., wholesale dealers, for $3,291.13. An execution issued, and Deputy Sheriff Burke closed the establishment at 7 o'clock p. m. The business has been managed by A. P. Harris, an old-timer in the hat trade here, and said to be one of the best salesman in the city. Mr. Harris was seen immediately after the store was closed, and stated that he owed $6,300, of which $2,800 was due to L. Stein & Co., $63 to H. W. King & Co., and $160 to Grover & Co., the rest of the indebtedness being to eastern dealers. He claimed that he had in his wife's name $8,000 in stock.

COTTON FEEDS THE FIRE.

The Fire King Gets Away With $250,000 Worth of Cotton.

Disastrous Fire in a Norfolk, Va. Warehouse—Total Loss Over Half a Million—Fatal Blaze at Duluth.

NORFOLK, Va., Nov. 15.—A fire, originating from sparks falling on a bale of cotton, broke out in cotton warehouse No. 1 of the Norfolk & Western railroad at 11 o'clock a. m. In a few moments the flames spread all over the building and into warehouse No. 2 adjoining. Within half an hour from the time the fire was first discovered, the two immense houses were in flames. At 1:30 p. m. the fire was got under control, but not until the two warehouses with their contents, more than 5,000 bales of cotton, were destroyed, together with the adjoining piers and wharves. Twenty-three cars loaded with walnut logs, and twenty or thirty cars loaded with soft coal were also destroyed. The total loss on the cotton burned is estimated at $250,000; fully insured. The insurance on the cotton is about equally divided between fifteen companies. The railroad company's loss, thus far, is estimated at $265,000; full insured in Philadelphia companies.

When the fire raged the fiercest, the intense heat blistered the paint on the passenger and freight depot buildings, and it was feared they too would be destroyed. All the engines in Norfolk and from Portsmouth were promptly on hand, and with tug boats in the harbor poured from twenty-five to thirty streams into the burning buildings. At 3 p. m. the fire was reported under full control.

Ruin at Kilkenny, Minn.

KILKENNY, Le Sueur Co., Minn., Nov. 15.—Fire occurred here at 5:30, which was first discovered in a pile of headings in Capt. May's yard, and before any assistance could be obtained the flames became uncontrollable. From this pile the flames spread, burning several piles of staves and headings, until May's loss amount to $30,000. In the meantime the dwellings of Mrs. Murphy and P. White were destroyed. Large pieces of blazing heading and staves were carried to the east side of the railroad, and thence to the saw mill of Brannon & Crosby and P. Brennon's dwelling. These buildings were also burned. The total loss is at least $40,000, partly insured.

One Man Cremated.

DULUTH, Minn., Nov. 15.—Flames were discovered issuing from Pratt's saloon, on Minnesota point, in the centre of a block of frame buildings. The fire, under the influence of a high wind, rapidly spread, destroying eight buildings, including A. B. McLean & Co.'s machinists and mill repairers, sales-room and stock. The total loss is about $50,000. The charred remains of Robert Kennedy, a mechanic, who was living over Pratt's saloon, were found in the ruins. Kennedy had a large sum of money on his person, and foul play is suspected.

Railroad Depot Burned.

TROY, N. Y., Nov. 15.—The depot of the Troy & Boston railroad at Johnsonville took fire from locomotive sparks. A strong gale was blowing at the time, and the entire village narowly escaped destruction. The depot was burned, together with four cars, the residence of Mrs. E. M. Sheehan, and the saloon attached, and the store of J. H. Sanderson. The total loss will not exceed $20,000.

Relief for Shenandoah.

PHILADELPHIA, Nov. 15.—At a public meeting called by Mayor King, to devise means for the relief of the sufferers by the Shenandoah fire, the sum of $3,567 was subscribed. A telegram was sent to Shenandoah asking for a full statement of what is needed for relief in food, clothing, etc.

All Their Own Way.

NEW YORK, Nov. 15.—A football match took place at the Washington park grounds, Brooklyn, between a team of freshmen from Yale college and an eleven from the Polytechnic institute of Brooklyn. At the end of one hour and one-half's play the score stood fifty-three points to nothing in favor of Yale, they having gained seven goals and four touchdowns, while the Polytechnics had to touch for safety four times during the struggle.

Chicago Fat Stock Show.

CHICAGO, Nov. 15.—The Chicago fat stock show opened with about 1,000 choice samples of horses, sheep, and swine. The attendance on the first day was not very large, but the start is said to have been a favorable one. There are 704 cattle whose agregate weight is 1,156,000 pounds or an average of about 1,600 pounds each. Gov. Hamilton and Mayor Harrison made addresses.

Prospect for a Row.

DUBLIN, Nov. 15.—The land leaguers threaten to hold a meeting at Garrison, despite the proclamation of the government. Thousands of police have been billeted at and in the neighborhood of the town the force is regaoded as sufficient to prevent the holding of the meeting and suppress any disturbance which may grow out of the prohibition.

Got a Right to be Indignant.

DAYTON, Ohio, Nov. 15.—The employes of the Narrow Gauge railroad here have received no pay since July and are indignant. Officials of the road decline to give satisfactory reasons for withholding the money; the men, most of them, are poor and in need of their earnings, and a strike is not an impossibility.

China Makes an Offer.

PARIS, Nov. 15.—Marquis Tseng, Chinese embassador, had an important interview with Premier Ferry, during which he communicated an offer by the Chinese government to evacuate Bac Nith if France will suspend military operations pending negotiations.

More Bonds Wanted.

WASHINGTON CITY, Nov. 15.—Secretary Folger will probably issue an additional call for 3 per cent bonds in a day or so.

The young daughter of a Catholic banker in Toronto was some months since seduced by a medical student. Lima.

—Those who were present say that the dance at Holbrook's hall last Friday evening, was a grand success both socially and financially. Webb's band from Whitewater furnished the music. The supper, at E. A. Hull's, we hear spoken of as excellent,—in fact, too good for the host's profit.

—Mr. A. H. Marski, who has been on the retired list for some time past because of a felon on his hand, is beginning to work again.

—A gentleman reports seeing nice barley selling in Whitewater the other day for fifty cents per bushel. Mr. Johnson, at Lima, was paying fifty-four cents the same day, and if we are not mistaken, he has not paid as low as fifty cents this fall.

—Mrs. Matthews has returned from Edgerton, accompanied by Mr. McMahon, who is 96 years old.

—Men sometimes overreach themselves in playing their own game. We heard of one lately who professed a great deal of indignation upon the settlement of a case before a justice's court in which he was in some way interested, and which he had ordered appealed. It so happened that the time allowed for appeal had not passed, and so the justice forwarded the necessary papers to the circuit court, and now it is said that the indignant gentleman has settled the case himself, and paid some pretty sound fees to the lawyers besides.

—Charley Child, who has been visiting relatives in Lima, left for Chicago Wednesday evening.

—The roughness of the roads and the weather operated to materially lessen the number who were expected at Miss Ida Hull's surprise party on Monday evening last. A right good time was had by those present.

—A camp fire is advertised at Holbrook's hall on Saturday evening next. An address by Colonel Gray is expected and also lots of fun. Everybody is invited at ten cents apiece.

—Mrs. Bacon is visiting with relatives at Montecello, Green county.

—If all reports are true some of the dancers hadn't any hats to wear Saturday morning. Perhaps those who took them have not yet found out their mistake.

—It is said that Lima is not represented among the jurors at the present term of court at Janesville. It seems as though some of those around town could be spared for that purpose as well as not.

Throw Away His Crutches.

Sold by Palmer & Stevens and Sherer & Co.

Stebbensville.

—Marshal Rhodes, of Stoughton, was in this vicinity last week; we understand he has secured his prize.

—The roads are undergoing much needed repairs, though if this business could be done earlier in the season it would be much better for the traveling public.

—Miss A. E. Frusher, of Stoughton, is visiting in town and made us a short call Monday. Come again.

—Mr. C. Stebbins, increased the number of his stock by some additional ones which look finely. Mr. Farman also purchased a number.

—B. Hordwick disposed of his hogs 19 in all, averaging 260 pounds apiece.

—Ploughing nearly done; husking corn, or rather picking it off, will be the next on the programme.

—We have had no sales of tobacco yet in this neighborhood, but we hope for good prices when the right parties come, as our tobacco is as good as our neighbors' in Albion, who receive 18 cents. Parties in Hanerville have refused that price.

—Richard Murray is sojourning on the plains of Dakota. He reports a pleasant time, and expects to remain a few weeks longer.

—Our school has opened for the winter term with Mr. Herbert A. Reed as teacher; ten years ago he taught here, his wife being then one of his pupils.

—We're fattening our turkey for Thanksgiving.

Emerald Grove.

—School closed on Friday last for a short vacation.

—Mr. Jay Ayers moved his family and household goods from Brodhead to Emerald Grove on Monday last, and will now take up his permanent residence with us. He will make and repair wagons for E. Heller, and bear this in mind when you have any work in that line.

—Come to Hastings for good goods at close prices.

—Mr. James Dean and his son Elmer returned from Chicago, last week. Elmer is now out of danger, and recovering rapidly.

—Rev. T. S. Oadams made a trip to London, Wis., where he was formerly located for the purpose of uniting a couple in the bonds of matrimony. Mr. Oadams was behind time, and was obliged to change horses on the way in order to make schedule time. He performed the ceremony and saw the couple started on the train in half an hour from the time arriving. This is the proper way to dispatch that kind of business.

—Our old friend Uncle John Scofield paid us a visit this morning, having been away with his wife for a number of weeks in Michigan. He made his son a visit, and on the way back spent some time with his sister, a lady 80 years old, who he has not seen for some twenty years.

—Rev. Hanford Fowle, of Center, will give a concert in the Congregational church, on Thursday evening, November 22d. The entertainment is very highly spoken of, and as nearly all the proceeds go for the benefit of the society, everybody should turn out. Admission 25 cents. Children half price.

—R. Cheney spent a day or two in Rockford last week, visiting an old friend.

—Rev. T. S. Oadams preached in Johnstown Center, on Sunday evening last.

—Wm. Wright returned from the Rocky mountain country a week or so ago, and will hibernate here as usual. He has brought with him a small animal of the long eared species, a genuine Mexican jack.

—Misses Lovie Hedditch and Lizzie Inman are visiting friends in Neenah and Oshkosh.

—James McNee has put up a fine new fence in front of his residence.

If you are troubled with a "hacking cough," Downs' Elixir will give you relief at once. Warrented as recommended or money refunded. Sold by Stearns & Baker.

Johnstown.

—The oyster supper at the Hon. A. M. Carter's last Thursday evening was a grand success. There was a very large attendance and people acted as though they enjoyed the occasion. The pleasant and genial host and hostess, did all in their power to make it pleasant for all.

—Mr. Miles Hurlbut seems to be slowly recovering from a severe attack of erycipelas.

—L. L. Fletcher and James Gentle are attending the fat cattle show.

—Mrs. E. Larkin is intending to visit New York city soon.

—The cold snap has frozen the soft corn solid and the porkers find it rather hard fodder. What is to be done now?

—The scarcity of corn is sending all the hogs that can be sold to the market, and in consequence pork is way down.

—Mrs. Dolson, of Janesville, is spending a short time at Mr. N. Cole's.

—School commences the third of December. C. S. Groesbeck teacher.

—Rev. H. Towle will give a concert in the Congregational church, Friday evening, November 23d. Proceeds mainly for benefit of the society. Admission 25 cents. Children half price.

Griggs' Glycerine Salve.

Johnstown Center.

—Rev. Mr. Oadams, of Emerald Grove, preached an excellent sermon at the Center last Sunday evening. Although a young man, Mr. Oadams is an earnest and effective speaker and seems to be at home in the pulpit. We trust we shall hear from him again soon.

—Rev. Mr. Sanborn will preach at the Center next Sunday afternoon at half past two o'clock, and after the service administer the sacrament. Let all come.

—Rev. D. B. Jackson will give a lecture next Sunday evening at the Center, taking "Luther" as his subject. We hope he will be greeted with a full house.

—School commissioners met Monday and F. D. Hall and Miss Mary McGowan will be the teachers.

—There is a good deal of tobacco unsold here yet. Farmers are looking for a higher price.

—The occupation of the politician is gone this fall. The people seem to miss the excitment of an election. Never mind, next fall will more than make up for it.

The glory of man is his strength. If you are weakened down through excessive study, or by early indiscretions, Allen's Brain Food will permanently restore all lost vigor, and strengthen all the muscles of Brain and Body. $1; 6 for $5. Shopiere.

—D. Q. Stark has gone to Dakota to look after his real estate.

—M. E. Mott has rented a shop in our village and will move here with his family.

—The exercises at the literary meeting were very interesting. We would suggest to the editors of the "Literary World to condense as much as possible. The next meeting will be held next Tuesday evening.

—While passing by Spencer Warner's place the other day we noticed a sign which read as follows: "Davis creamery orders solicited" painted on some old boards which covered his tank.

—Ed Moseley has a new barn and is wise enough not to have it connected with his shops.

—Dr. Manley lost a very valuable horse Monday night while on the road.

—By an account in the Beloit Free Press we see our friend B. H. Smith has got to be what they call in city elections, a "repeater," Not being satisfied to vote in his own town, he came to Turtle to vote, but our town board were not receiving votes this fall.

—Elder Thomas preached in the Methodist church last Sabbath.

—Rev. J. Varty has gone to Dakota on business.

—Prof. Lyman, of Whitewater, was in town last week looking after the singing school matters.

—Parties in our village are getting up a stock company to start a creamery here. We see no use of letting outside parties do this business when there is capital enough among the farmers to run a creamery themselves.

—Mrs. Randall is improving slowly.

—Some of our young people are very much interested over the wedding which is to come off soon.

Baxter's Mandrake Bitters are sold at twenty-five cents per bottle. They are a sovereign remedy for biliousness. Price 25 cents. Sold by Stearns & Baker.

Sheriff's Report.

Under date of May 16, 1883, Mr. Isaiah Cook, formerly sheriff of Skowhegan, Me., writes as follows: "I have been afflicted for twenty (20) years with a weakness of the kidneys and liver, and have had severe pains in the back and sides, which were brought upon me in the first place by exposure during my stay in California during the early settlement of the land of gold. At times my water troubled me very much, and after trying many different means without receiving my benefit, I was induced to try Hunt's Remedy, although I was much prejudiced against it and all other medicines. I purchased a bottle at Cushing's drugstore here in Skowhegan, and I found that the first bottle relieved all pains in the back and sides; and I have, in my family, used five bottles in all, and have found it a medicine of real merit and of great value, and have gladly recommended it to many of my friends and neighbors, who universally praise it in high terms. You are at liberty to use my name for the benefit of suffering humanity."

Timely Advice.

I have been troubled with kidney disease and gravel for a long time, with severe pains in my limbs and back, with inflammation of bladder. My sufferings were terrible. I tried several physicians, all to no purpose—I found that I was growing very feeble. I was discouraged and lost faith in physicians and medicine, when a friend from Malden, who had been cured by Hunt's Remedy, of gravel and liver complaint, recommended it to me, and from the first bottle I commenced to improve, and three bottles have entirely cured me, and I heartily thank my friend for his timely advice to use Hunt's Remedy, for all the pains have gone from my back, and I am in excellent condition, and I feel that a word from me may be the means of saving some friend that may be suffering as I did, before taking Hunt's Remedy, the best kidney and liver cure.

Having occasion to use a medicine for general debility in my family, I was recommended by a friend to use Hunt's Remedy, as that was being used with great success all over the country. We have used one bottle with marked benefit, and find it just as represented and a medicine of great value, and I cheerfully add my testimony in praise of Hunt's Remedy.

Chronic Diseases.

A Special Study for Years.

Dr. F. B. BREWER,

Has made Chronic Diseases of the

Throat, Lungs, Heart, Stomach Liver, Kidneys, Nerves and Blood.

A special treatment for years. He is not a boastful, ignorant pretender, but an educated physician, seeking to do good, by devoting his talent and energies to the treatment of a class of maladies that have been with him a long and patient study. To be able to treat successfully chronic diseases it requires that a physician should be a sound, thorough scholar in the art of science and medicine generally. He should give his entire time to their study, be thorough in his investigations and have a long and varied experience. Dr. Brewer claims to work no wonders or to do any more than any well educated physician can do, who devotes his whole time to the study and treatment of chronic diseases exclusively, and has had his many years' of experience. For years Dr. Brewer has visited the places he now visits, and has obtained his reputation by being honest in his dealings, candid in opinions and reasonable in his charges. Those who are afflicted are invited to call, investigate and decide for themselves. It will cost nothing to do so. Address all letters to

F. B. BREWER, M. D., Lock Box 350, Chicago, Ill.

Dr. F. B. Brewer will be at Janesville, Myers house, Saturday and Sunday the 3d and 4th of November.

WE WARRANT

EVERY BOTTLE OF DOW'S LIVER CURE.

Many people doubt the genuineness of testimonials which are many times given by persons unknown. But who will question the following one furnished by the Hon. C. G. Williams: "My family have given Dow's Liver Cure a thorough and fair trial, and I unhesitatingly pronounce it worthy of all that is claimed for it by the proprietor."

DOW'S

The Hon. Wm. H. Ebbetts, of Milwaukee says: "Myself and family are using Dow's Liver Cure, and believe it to be the most reliable medicine for billiousness, sick headache, etc., that has yet been introduced in this country; relieving as it does so readily those classes of diseases so prevalent in this western climate. It has my cordial commendation."

LIVER

We, the undersigned, have used Dow's Liver Cure ourselves and in our families, for many of the diseases for which it is recommended, and we pronounce it a most reliable and efficient medicine and unhesitatingly recommend it to all sufferers.

Sudden Death.

Mr. Michael Donahoe died suddenly at his home on South Jackson street, fourth ward, last evening at five o'clock. He was apparently as well as usual, and was engaged in moving a barrel of rain water into the house. He succeeded in rolling the barrel to the door, when, it is supposed, in lifting the barrel into the house, he strained himself, and ruptured a blood vessel, as he had no sooner lifted the barrel than he fell to the floor, and expired in a moment afterwards. The deceased was about twenty-three years of age, and had resided in this city a number of years, and was well known. He was unmarried.

The funeral will take place at St. Patrick's church at nine o'clock to-morrow morning.

JOINED TOGETHER.

DEARBORN-ALLEN.

We are fortunately called upon to-day to chronicle another of those social events whose occurrence constitutes the present and future bliss of two human hearts, and at the same time carries with it a feeling of reflected happiness to all who know them. We refer to the marriage this day, celebrated by the Rev. Horace Gates, at the home of Mrs. Margaret P. Allen, between Mr. J. Buchanan Dearborn, one of the most promising and highly respected young business men of our city, and Miss Ella B. Allen, a young lady in whom rare personal charms combine with the highest worthiness of character to make her, indeed, 'a most perfect wife.' The marriage ceremony was witnessed only by the relatives and most intimate friends and was performed by the Rev. Horace Gates, of Trinity church, in a manner not only highly solemn and impressive, but profoundly calculated to stick. The contracting parties were, also handsomely stood up with by Mr. Arthur Allen and Miss Hattie Dearborn. After the ceremony the wedded pair were showered with many and heartfelt congratulations by those present, who thereupon partook of a wedding repast, gotten up and served in the most creditable manner. Numerous costly and appropriate gifts, also gave substantial token of the esteem and kindly feeling unanimously entertained toward the parties. At 1:15 this afternoon the bridal couple took the train for Chicago, from whence they will return on Saturday next.

Papillon Skin Cure, Papillon Catarrh Cure, Papillon Cough Cure, manufactured by the Papillon Manufacturing Co. of Chicago, Ill., and advertised in this paper is for sale by Palmer & Stevens and Prentice & Evenson.

A Comparison of High and Low Taxes.

The Rockford Gazette publishes the following item, giving the per cent tax on each one hundred dollars in valuation on the real and personal property in that city, the concluding sentence of which must be of considerable importance to the tax payers. The item is as follows:

The rate per cent of tax in this state is on the decrease. In 1882 the state tax was 36 cents; county tax, 72 cents; town tax 2½ cents; the road and bridge tax, 3 cents; and the city tax, $2.75 making a total of $3.924 on $100. In 1883 the state tax was 32 cents; county, 54 cents; town, .026 cents; road and bridge, 7 cents and 3 mills, and the city, $2.42; making a total of $3.399; a decrease of 56 cents and 6 mills from last years's tax.

We have taken a little trouble to ascertain the per cent. tax on the same valuation in this city for the year 1882-3, and find that in 1882 the per cent. was as follows: state tax, 18 cents; county tax 24 cents, and city tax, $1.28. Total, state, county and city tax, $1.70, on $100 valuation.

In 1883 the per cent. was:—State tax, .094; county tax, 35 cents; and city tax, $1.18. Total state, county and city tax $1.624.

A further comparison as to per cent. rate of tax in the two cities can be seen by tabulating as follows:

	1882.	1883
Rockford	$3.925	$3.399
Janesville	1.70	1.024

And yet, with the above showing of low taxation in this city, there are some tax-payers who grumble at the mention of any improvement proposed, thinking that their property will be confiscated by the tax-gatherer.

FREE TRADE—In DeLand's soda and saleratus should be advocated by every true American citizen, on the principle that that thing is desirable in a Republic that is the greatest good to the greatest number.

THE COURTS.

CIRCUIT COURT.

In the circuit court this afternoon the jury in the case of Mary J. Spensley vs the Lancashire insurance company,—the "cyclone" case which has occupied the time of the circuit court for the last week, brought in a verdict for the defendant. They were out about two hours.

The suit of Katie Garvin against the C. & N. W. railway company, for damages for injuries received from a switch engine at the depot last spring, is now on trial. The plaintiff and her sister worked in the cotton factory, and were crossing the track to go to work one morning, when the engine ran into them, bruising Katie's hip, and as she claims, permanently disabling her from active work. The case will take till noon tomarrow, and perhaps longer. A. Hyatt Smith appears for the plaintiff, and Colonel Wm. F. Vilas and Wm. Ruger for the company.

MUNICIPAL COURT.

Mark Connelly, of Clinton, was before the court this afternoon to answer to the charge of drunk and disorderly conduct, and was fined two dollars and costs, all amounting to $5.20, which was paid.

Joseph Briggs plead not guilty to the charge of stealing a double harness, the property of Mr. C. T. Wilcox, and he was committed to jail to await trial, which was set for to-morrow afternoon at 2 o'clock.

We feel assured that our friends will thank us for bringing before their notice articles which have no superior among the many that fill our markets. We refer to the celebrated Dr. Price's Special Flavoring Extracts. We have used them and can recommend them as the best article in domestic use.

A resident family physicial—a bottle of N. K. Brown's Ess. Jamacia Ginger in the house. "N, K's."

Miss Guernsey's Success.

Mr. George C. Miln's company has scored quite a success in the west—drawing large audiences and receiving favorable criticism. The Pueblo (Colorado) Daily Chieftain, of November 3d, said of Miss Guernsey:

Miss Guernsey's Lady Macbeth was artistic and powerful. The scene in the second act between Macbeth and her was a powerful piece of acting, but it was not till the sleep walking scene that her real power was displayed. Here she rose to the heights of genius, and in her few minutes on the stage thrilled the audience, and stirred them into a spontaneous outburst of great enthusiasm. Miss Guernsey is young and beautiful, and displays fine artistic sensibility. We predict for her the greatest success.

The Denver Daily News speaks of her Ophelia as follows: "Miss Guernsey's Ophelia was above the average; she is a lady of unquestionable talent and has before her a bright future." Of her Desdemona it says:

Miss Minerva Guernsey made a charming Desdemona. She is as delicately pretty as the conception of the fair Venetian, and she played the part with the tenderness and gentleness it requires.

The Denver Daily Republican, compliments her on her Julie as follows:

Miss Guernsey, as *Julie de Mortemer*, acquitted herself admirably. She won the hearts of the audience and will undoubtedly score a great success as an actress of a high order in the legitimate drama. Surely there is room in the profession for so intelligent, beautiful and conscientious a lady as Miss Guernsey is.

When Miss Guernsey acted Lady Macbeth at Denver, the News gave her the following flattering notice:

Miss Minerva Guernsey as Lady Macbeth, appeared to better advantage than in any previous play. Her chief fault, the tendency to use a conversational tone throughout divers moods and passions, was not noticeable. She won enthusiastic applause in the sleep-walking scene, which she rendered very finely. In the scene where she stimulates her husband to the fatal deed, and where she strives to make him finish it—"Infirm of purpose, give me the daggers"—she put life and soul in the lines. She has considerable talent. She dresses a part exquisitely and appropriately.

The Denver News, in publishing a sketch of Miss Guernsey, adds the following which is regarded as a very just criticism:

Her engagement in Denver concluded her eighth week upon the dramatic stage, and it is the general verdict that she has borne herself with a naturalness and ease quite out of proportion to the length of her stage experience. Her Ophelia will compare more than favorably with that of the ordinary leading lady. In the mad scene it is positively strong. Her Desdemona is sweet and womanly as is her Julie, while her Fiordelisa is characterized by a simple girlishness so rare upon the stage as to be truly refreshing. It is in this quality that her principal—Mr. Miln—alleges she so closely resembles Ellen Terry. In Lady Macbeth—the most ambitious role she essays, she is at once weak and strong. In maintaining a vehement outburst of passion she does not control her powers adequately. Time may mend this. But in the awful weirdness of the sleep-walking scene she rose to the atmosphere of genius. This was by all odds the strongest work she accomplished during the week. At the close of this scene on Friday night she was enthusiastically called in the middle of the act. It is difficult to predict her future. Young, beautiful, talented, almost frail, but with a wonderful nervous force at her command, it is hard to say whether she will learn to husband and direct her forces, or whether the intensity of the struggle and the heat of her own ambition will consume her.

Miss Guernsey's large circle of friends here and elsewhere will be glad to know that she is meeting with so much success.

Pat Rooney's Show.

One of the best variety performances ever given in Janesville was that seen at the opera house last evening and given by Pat Rooney's star combination. The most surprising acts during the evening were those of Rowe and Athol, the contortionists. They performed some remarkable feats which brought out very enthusiastic applause. The next act of special interest was that of Topack and Steel, an excellent dancing team, and who also sang some very pleasing songs. They kept the audience in a constant roar of laughter. Valjean, the Egyptian juggler, did some splendid work; and also Josie and William Blaisdell, very entertaining in their vocal and character sketches. Rooney was very clever in his original songs and quaint sayings. The audience was of a good size and exhibited a good deal of enthusiasm.
